PROFESSIONAL PROFILE

International professional with extensive multicultural experience across Europe and Latin America, currently seeking to contribute as a **Spanish Teacher in the EdTech sector in Lebanon**.

Strong communication skills, leadership experience, and proven ability to adapt to diverse environments. Passionate about education, language, and the integration of technology into learning processes.

Experienced in digital tools, online platforms, and interactive learning environments. Fluent Spanish speaker (native), with high-level English proficiency.

CORE COMPETENCIES

- Native Spanish Speaker
 - Online & In-Person Teaching
 - Lesson Planning & Curriculum Design
 - Educational Technology Integration
 - Cross-Cultural Communication
 - Student Engagement Strategies
 - Digital Platforms & Interactive Tools
 - Multilingual Communication
 - Assessment & Progress Monitoring
-

PROFESSIONAL EXPERIENCE

International Finance & Management Roles

Europe & Latin America
2010 – 2025

Although primarily developed in international financial leadership roles, my career has required:

- Continuous training and mentoring of multicultural teams.
- Preparation and delivery of structured presentations and workshops.
- Development of structured documentation and learning materials.
- Use of digital tools for remote communication and training.
- Working in multicultural environments, including emerging markets.

These experiences have strengthened my communication, organizational, and pedagogical skills — highly transferable to education.

TEACHING & LANGUAGE EXPERIENCE

- Native Spanish speaker with strong command of grammar and communication.
 - Experience providing language support and conversational Spanish coaching.
 - Comfortable teaching both adults and young learners.
 - Experience working in multicultural and international environments.
 - Strong ability to adapt content depending on student level.
-

EDUCATIONAL TECHNOLOGY SKILLS

- Proficient with digital collaboration tools (Zoom, Google Workspace, Microsoft 365).
 - Experience using AI tools (Gemini, ChatGPT) for content creation and interactive learning.
 - Familiar with LMS platforms and digital educational resources.
 - Ability to design interactive digital materials and structured lesson content.
 - Strong digital literacy and adaptability to new EdTech tools.
-

EDUCATION

Bachelor's Degree

(Include specific degree here — e.g. Business Administration or equivalent)

Additional continuous professional training in international environments.

LANGUAGES

- Spanish – Native
